St. Brigid of Kildare Preschool FAQs:

What type of curriculum do you use?
All of the lessons taught in our classrooms are aligned with the Early Learning and Development Standards created by the Ohio Department of Education. Our curriculum promotes early literacy, foundational mathematical concepts, and other kindergarten readiness skills. In addition, we create play-based learning experiences. Children also experience library, music, and gym.

How do you incorporate the Catholic faith into your classes?
Sharing the Catholic faith with our students is critical to creating a faith-based environment. Teachers create this environment by opening and closing each school day with prayer. Students make trips to the church, learn about Bible stories, the rosary, the Sign of the Cross, and what it means to be a disciple of Jesus.

How does Saint Brigid of Kildare help my child thrive beyond preschool?
Many children begin their educational journey with us in preschool and continue to benefit from Saint Brigid of Kildare's faith-based atmosphere through eighth grade. Saint Brigid of Kildare Preschool focuses on preparing students to enter our full-day kindergarten program through our play-based and foundational academic curriculum.
