Ignatius Book Fair | November 4th–11th

We're excited to welcome the Ignatius Book Fair to Holy Trinity! Students and families can explore a wonderful selection of books that inspire imagination, encourage reading, and celebrate our Catholic faith.

The fair will be open during the school day, conferences, and after Mass, giving everyone plenty of opportunities to shop!

Best of all, purchases help Holy Trinity earn Ave Dollars to purchase new books for our school library!

We hope you'll stop by, discover a great read, and help our library GROW!

Please read through the attached documents about Hearing & Vision and complete this form that is required by our local health department.

Kent County Health Department will provide free hearing and vision screenings at Holy Trinity on Monday, October 26, and Monday, November 16, 2026. Children will receive only the screenings appropriate for their age and grade.

If a child does not pass an initial screening, a rescreen may be conducted before a referral. A technician will contact you if follow-up is needed. Screening results are shared with the school and recorded in the student's school record unless a parent or guardian requests otherwise.

These screenings do not replace regular medical care or a comprehensive eye exam.

Hearing safety: The hearing equipment contains magnets. If your child has a programmable shunt or another implanted medical device that may be affected by magnets, please contact the school office before the hearing screening. Kent County advises that children with these devices should not be screened with this equipment.

Please submit one response per child.
