Job Search & Preparation Ministry

Assisting those who are seeking newer and better opportunities in their career

Searching for a job today can be overwhelming.

There is more career-related information available than ever before, but it can be challenging to decide where to start and where to focus your job search. Nativity parishioners have access to a monthly workshop dedicated to helping job seekers discern their next career move.

The Job Search & Preparation Ministry provides guidance to those who are getting back into the workforce, transitioning between careers, or simply seeking better opportunities. You'll hear from experts on the essentials of a career search, network with other professionals, and receive the guidance that's necessary to navigate today's job market.

The monthly workshops allow for an open dialogue offering encouragement and professional advice in a faith-filled environment.

The ministry meets each month and discusses a range of topics including:

- building a job search plan
- creating an effective resume
- preparing for interviews
- assessing your next career move
- using LinkedIn and the best job boards
- performing effective company research
