Vocabulary (Page 45)

body language	language of the Body	Resurrection	Ascension
---------------	----------------------	--------------	-----------

_____ After the Resurrection, Jesus literally went up (ascended) body and soul to heaven. He is in heaven now in a constant offering of love. One day, he will return to the earth again in glory to bring us to live with him forever.

_____ The major Theology of the Body teaching is that the human body makes visible what is invisible. The body speaks a language without words about our human nature, purpose, and destiny. Jesus shows us that the body reveals a call to total self-gift.

_____ After his death on the Cross, Jesus rose from the dead. His human body and soul were reunited. Jesus' Resurrection opened for us the possibility of resurrection, when our own bodies and souls will reunite after death.

_____ Gestures and expressions that communicate inner thoughts and feelings.
