

HOSPITALITY
WHERE ALL ARE WELCOME

*Contribute to the needs
of the holy ones,
exercise hospitality.*

Romans 12:13

Hospitality is intrinsic to the fiber and being of the Sacred Heart community; it is infused in all of our ministries. The dedicated people of the Hospitality ministry are the face of the Body of Christ to those God sends our way.

A Vibrant Community of Faith

The parish is where the Church lives. Parishes are communities of faith, of action, and of hope. They are where the Gospel is proclaimed and celebrated, where believers are formed and sent to renew the earth. At Sacred Heart, we have so many opportunities for you to give of your time or volunteer in service to one another and the larger community, exemplifying that renewal. We, as a community, offer our open hearts, open minds, and open doors to all, being especially attentive to those who society often overlooks. **Get involved today!**

Bible Study

The Bible is the inherent Word of our God and we demonstrate our love for Him through dedication to reading the word and following His commandments. Our Bible Study group is a supportive, learning environment that opens our minds to understanding God's Word and its application in our lives.

Visit shfla.org/biblestudy to learn more and join!

Giving from the Heart

In our continued effort to meet the growing needs of our community, Sacred Heart hosts a large-scale drive-through donation drive every other month in support of local beneficiaries. Be sure to check the bulletin and parish website for details of future drives!

Outreach Ministries

*Compassionate & intentional in our service,
driven & devoted in our actions*

Our mission at Sacred Heart is *"to cultivate a vibrant community of faith by creating meaningful connections with both God and each other."* In no greater way do we do this as a parish than through our outreach ministries. The reality of human suffering, whether physical, spiritual, or mental, challenges believers at the core of their religious convictions.

Ministry to those who suffer involves the art of attending to one another in his or her pain as well as the ability to stand in solidarity without judgment or criticism as the first step towards healing.
