

EXCELLENCE IN LEARNING

Society

Equipping Every Student to Learn, Grow, and Thrive.

Saint Thomas
Educational Foundation

A Letter from OUR Principal

Dear Friends,

At Saint Thomas we are deeply committed to forming the whole child – mind, body, and spirit. Each day, our teachers work to meet students where they are, challenging them to grow, and nurturing their God-given potential here in a faith-filled environment.

Our classrooms are places of discovery, growth, and purpose. They are also places where the needs of students continue to evolve. Today's learners require thoughtful, targeted instruction that supports a wide range of abilities, learning styles, and academic goals.

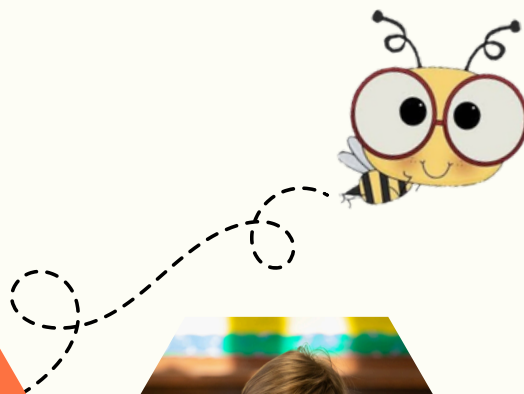

To meet these needs, our teachers rely on strong, engaging, and up-to-date curriculum resources. These tools are essential in helping them deliver the level of instruction our students deserve. However, as the cost of curriculum continues to rise, providing these resources has become increasingly challenging.

In response, we have established the [Excellence in Learning Society](#), an initiative dedicated to ensuring that every classroom is equipped with the materials needed to support exceptional teaching and meaningful learning. This society represents an investment in our students, our teachers, and the future of our school. With your support, we will continue to provide an education that is both academically excellent and rooted in faith. Thank you for your belief in our mission and in the children, we are privileged to serve.

Sincerely,

Ryan Corcoran,

The Need & the Opportunity

Why this Matters

Education today is more dynamic than ever before. Classrooms are no longer one-size-fits-all environments. Teachers are called to meet the individual needs of each student through differentiated instruction, small group learning, and personalized support.

This requires curriculum resources that are:

- Flexible and responsive to diverse learning needs
- Aligned with current academic standards
- Engaging and developmentally appropriate
- Integrated with our Catholic faith

At the same time, the cost of these materials continues to increase. As a result, difficult decisions must be made about what can be purchased and what one can go without.

This can create a gap between what students' need and what budgets allow. No teacher should have to compromise their instruction due to limited resources. By addressing this need, we have an opportunity to strengthen every classroom and better support every child.

Excellence in Learning Society

A Purpose Driven Solution

The **Excellence in Learning Society** is created to directly support the curriculum needs of our school—ensuring that teachers have the tools necessary to provide exceptional, targeted instruction for every student.

This society is dedicated to funding essential learning materials that enhance teaching, support student growth, and uphold our commitment to academic excellence and faith formation.

Just as importantly, the **Excellence in Learning Society** provides clarity and connection for our donors. It offers a meaningful opportunity to:

- Clearly understand what your support is funding
- See the direct impact of your generosity in classrooms
- Know that your gift is making a difference every day

Every contribution to the **Excellence in Learning Society** is an investment in teaching and learning—supporting both immediate classroom needs and long-term student success. Every gift directly supports teaching and learning—every day, in every classroom.

Impact in the Classroom

Your Impact in Action

Gifts to the **Excellence in Learning Society** directly support the resources that make high-quality instruction possible. These materials touch every student and every classroom throughout the school year.

- **Core Learning** – Students benefit from updated textbooks, instructional materials, and foundational resources that support strong academic growth across all subject areas.
- **Targeted Instruction** – Teachers are equipped with tools that allow them to meet students at their individual levels – providing intervention, enrichment, and small-group support where it is needed most.
- **Faith Formation** – Curriculum resources help integrate faith into daily learning, supporting the spiritual development of each child alongside their academic progress.
- **Modern Learning Tools** – Digital and interactive resources enhance engagement, deepen understanding, and prepare students for continued success in an ever-changing world.

Through these investments, teachers are empowered, students are supported, and learning is strengthened in meaningful and lasting ways.

Invitation to Give

An Invitation to make a Difference

We invite you to be part of this important effort to sustain and strengthen the academic experience at Saint Thomas the Apostle Catholic School.

By supporting the **Excellence in Learning Society**, you are investing in more than curriculum – you are investing in students, teachers, and the future of our school community.

Leadership support plays a critical role in establishing this initiative. Early and significant gifts help build momentum, inspire others to give, and create a strong foundation for long-term success.

Your generosity ensures:

- Every teacher is equipped
- Every student is supported
- Every classroom is strengthened

Together, we can ensure that every child is equipped to learn, grow, and thrive.

Dynamic Christ-centered Education for Students of all Abilities
